Y10 COURSES IN 2023.....	20

This booklet was revised in December 2022 and is subject to change.  
Students and parents are advised to refer to the school's website for the latest  
version.

## WHAT IS ASSESSMENT?

An important role of assessment is to assist student learning. This is achieved in two ways:

- students know in advance which course outcomes are to be assessed
- following each assessment task, teachers provide meaningful feedback to students. This feedback clearly indicates the extent to which the course outcomes have been achieved. Such feedback acknowledges what students can do and what they need to do in order to improve their level of performance.

## WHAT ARE THE RESPONSIBILITIES OF THE COURSE TEACHER?

**It is the responsibility of the teacher to:**

- Teach the approved NSW Education Standards Authority (NESA) course.
- Notify the students **in writing** of the course assessment requirements.
- Provide students with written notification in reasonable time prior to **each** task (generally two weeks), including exams (refer to sample notification sheet on page 5). This notification will include:
  - date the task is due
  - a description of the task
  - outcomes being assessed
  - method of task submission
  - criteria on which the task will be marked
- Notify students and their parents in writing if a student fails to meet course and/or assessment requirements.
- Negotiate a suitable change of date if it is necessary to change the notified date of a set assessment task.
- Ensure that assessment tasks are returned promptly to the student with a grade and explicit feedback to assist improvement in student's performance.

## WHAT ARE THE RESPONSIBILITIES OF THE STUDENT?

To satisfactorily complete each course in which you are enrolled. This will be demonstrated by:

- (1) following the course that has been developed or endorsed by NESAs,
  - (2) applying yourself with diligence and sustained effort to the set tasks and experiences provided  
by the course and,
  - (3) achieving some or all of the course outcomes.
- Submit work that is totally the work of the student completing the task. A student who is found **guilty of malpractice** (including using a mobile phone to access information during an 'in class' assessment task) will risk being N Determined in their course.

### Submission of 'Out of Class' Task

Submit tasks to the teacher in class on the due date.

- Submission of the task will be in the format specified on the Assessment Task Notification Sheet and have an **Assessment Task Cover Sheet** attached in the booklet.
- If a student is unable to submit an assessment task by the due date, because of illness or misadventure, the student must complete and present to the teacher an "Illness/Misadventure Application" form **on the day the student returns to school**. The form is to be collected from a Deputy Principal or front office. The student must have relevant documentation explaining their inability to complete the task by the due date. **It is not the responsibility of the teacher to request the form.**
- It is not to be assumed that an Illness/Misadventure Application will be granted by the class teacher.

### Completion of 'In Class Tasks'

- Students are to attend school on the day an 'in class' task is to be completed. All lessons prior to the task must also be attended on the day the task is to be completed.
- If a student is unable to attend lessons on the day the 'in class' task is to be completed but is able to attend the assigned lesson for the task, the student must complete and present to the teacher administering the task an "Illness/Misadventure Application" form. This form is to be collected from a Deputy Principal. The student must have relevant documentation explaining their inability to attend all lessons on the day of the 'in class' task. **It is not the responsibility of the teacher to request the form.**
- It is not to be assumed that an Illness/Misadventure Application will be granted by the class teacher.

## General Information

- **Where an absence is known in advance**, the student must approach the teacher **before** the due date of the task (at least a week prior to the task) and negotiate an alternative date or task. Where approval is granted the student may be required to attempt an alternative task or may be assessed on the basis of other evidence. Where leave of absence is denied, absence or non-completion of the task will result in a zero mark.

- **Where a student is absent on the day of the task (or the day a task is due)** he/she must present to the class teacher a Doctor's Certificate (or certificate from a registered health practitioner) in the case of illness, or a satisfactory explanation in writing in the case of misadventure, **on the day they return to school**. This must be attached to the "Illness/Misadventure Application" form. Retrospective Doctor's Certificates will be considered on an individual basis and will not be accepted automatically.

- In cases where tasks may be assessed over several days (eg speeches and presentations) and a student is absent, the student must be prepared to present their task on the day they return to school.

- Students are expected to have a **satisfactory record of attendance**. An unsatisfactory record of attendance may mean that the course completion criteria cannot be met, therefore leading to an 'N' determination.

## What happens if a student fails to fulfil his/her responsibility?

A student who fails to fulfil his/her responsibilities may risk an unsatisfactory completion of the course. A student is at risk when;

- The student submits assessments that is not totally their own work.
- Tasks are not submitted by the due date.
- Tasks submitted represents a non-serious attempt
- Not been granted consideration due to illness or misadventure.

## NON SERIOUS ATTEMPTS

Students who do not make a serious attempt at the examination may not receive an award in the course concerned. A Non Serious attempt is one in which the student fails to demonstrate a reasonable amount of diligence towards their tasks. This is determined at the discretion of the teacher and the Senior School Review Panel. A Non serious attempt will result in a mark of zero and the student will need to resubmit the assessment. Examples of Non serious attempts include;

- Unreasonable amount work submitted for the time that was allocated.
- Frivolous or objectionable material.
- Answers to examination questions in a language other than English (unless specifically instructed to do so).
- Assessments in which less than 50% of the task is attempted.
- Examinations in which only multiple-choice questions are attempted.

## TECHNOLOGY PROBLEMS

Problems with computers crashing and printers not working **may** be a reason to apply for misadventure. However, it will not be automatic that a student has a misadventure appeal granted due to a technology malfunction. A student will be required to show evidence of their work in order to be considered for a misadventure appeal. This evidence may be in the form of a:

- draft printout of the task hand written draft version of the task
- USB handed to the teacher containing an electronic version of the task

### A student:

- must keep a back-up copy of tasks in progress. The school recommends this be done through the use of the DEC portal email. Students can email their work (as they progress through it) to their own email address, thereby having it accessible to show their teacher on request.
- must not expect to be granted a misadventure appeal if they leave the printing of the task until the night before it is due, and then find that they experience technology problems.
- must be able to supply independent evidence of computer malfunction (eg letter from a computer company).

## RECORD OF SCHOOL ACHIEVEMENT (ROSA)

### How are grades awarded?

Teachers make professional on-balance judgements to decide which grade description best matches the standards their students have achieved.

The grades each student earns will be determined by completing the tasks listed in the assessment schedules published in this booklet **and by the completion of course work (classwork and homework), ongoing lesson observations and other informal assessment**. Teachers will be using the course performance descriptors to make a professional on-balance judgment that best match the standard the student has achieved. These will be reported on each student's Record of School Achievement (RoSA).

Teachers follow a process of 'moderation' to ensure that grades awarded are consistent with published standards. This means that the grade a student receives in one school can be compared to the same grade anywhere in NSW.

## COMMON GRADE SCALES

The Common Grade Scale shown below should be used to report student achievement in the ROSA Stage 5 year in all NSW schools.

The Common Grade Scale describes performance at each of five grade levels.

### A

The student demonstrates extensive knowledge of content and understanding of course concepts and applies highly developed skills and processes in a wide variety of contexts. In addition, the student demonstrates creative and critical thinking skills using perceptive analysis and evaluation. The student effectively communicates complex ideas and information.

### B

The student demonstrates thorough knowledge of content and understanding of course concepts and applies well-developed skills and processes in a variety of contexts. In addition, the student demonstrates creative and critical thinking skills using analysis and evaluation. The student clearly communicates complex ideas and information.

### C

The student demonstrates sound knowledge of content and understanding of course concepts and applies skills and processes in a range of familiar contexts. In addition, the student demonstrates skills in selecting and integrating information and communicates relevant ideas in an appropriate manner.

### D

The student demonstrates a basic knowledge of content and understanding of course concepts and applies skills and processes in some familiar contexts. In addition, the student demonstrates skills in selecting and using information and communicates ideas in a descriptive manner.

### E

The student demonstrates an elementary knowledge of content and understanding of course concepts and applies some skills and processes with guidance. In addition, the student demonstrates elementary skills in recounting information and communicating ideas.

## NON-COMPLETION OF Y10 COURSES

The Principal can determine, due to unsatisfactory completion of a course, that a student be awarded a Non-Completion of Course or "N-Determination", for a particular course. This will result in the students not progressing to the HSC Course in that subject until the Preliminary requirements are met.

The school is required to warn students and their Parents/Carers in writing, and allow sufficient time for the student to correct the problem which has placed them at risk. In general, a student will receive three warnings before the Principal will recommend to the Board of Studies that a N-Determination be awarded.

### First Warning Letter:

This warning will be recommended by the class teacher and issued by the Head Teacher and Principal. The student will be interviewed by the Head Teacher and class teacher who will explain the reasons for the warning and indicate what has to be done to correct the situation. Parents/Carers will be informed in writing.

### Second Warning Letter:

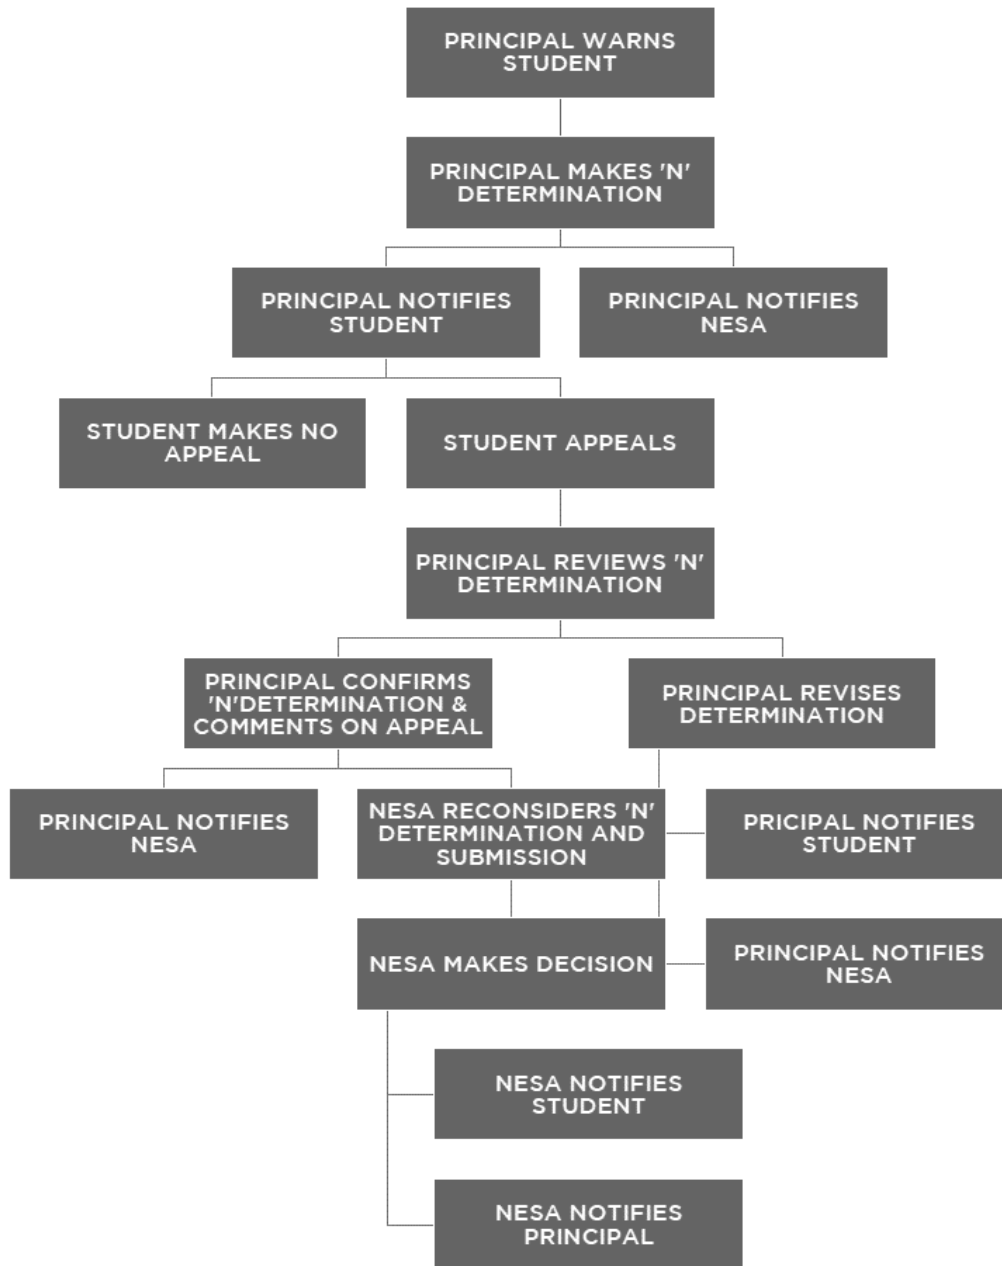

This warning indicates that the student must speak immediately with his/her class teacher and make every effort to correct the problem. The student will be interviewed by the Head Teacher and/or Deputy Principal. Parents/Carers may be asked to attend the interview.

### Third Warning Letter:

This is the final warning. A student who receives a third warning will be required to explain to the Principal and Senior School Review Panel, as to why she/he should not receive a N-Determination and be excluded from the course. The Principal will explain what actions, if any, student can take to meet requirements. Parents/Carers may be asked to attend an interview.

# 'N' DETERMINATIONS

## Appendix A: Erina High School Academic Integrity Policy

### Responsibilities of School

- Provide students with assessment guidelines.
- Provide advice for students on avoiding plagiarism, collusion and collaboration.
- Provide guidance on referencing required.
- Ensure that students are instructed on the academic skills required in all courses.
- Ensure that all HSC students have an understanding of the Academic Integrity Policy.
- Ensure that pertinent school publications (printed and electronic) have statements that:
  - State clearly that plagiarism and collusion are not acceptable;
  - Provide comprehensive rules on what constitutes collaboration;
  - Provide rules and guidelines on group work and assessment.
- Implement suitable procedures on penalties.
- Provide an appeals process.
- Maintain records of academic misconduct.

### Responsibilities of Students

- Must read, understand and respect the Academic Integrity Policy and rules concerning academic integrity.
- Ensure understanding of the referencing requirements for courses.
- Ensure that original work is submitted, without plagiarising or cheating.
- Understand all aspects of Assessment guidelines.
- Avoid all undertakings that could be considered instances of academic dishonesty.

## Procedures and Penalties for suspected Plagiarism and Collusion

‘Plagiarism is when you pretend that you have written or created a piece of work that someone else originated. It is cheating, it is dishonest, and it could jeopardise your HSC exam results.

*(NESA, HSC Assessments and Submitted Works, Advice to Students, 2006)*

*‘Collusion occurs when two or more people work secretly for the purpose of deliberately misleading others’ (NESA, HSC: All My Own Work, 2006)*

- When a staff member detects alleged plagiarism by a student, it must be reported to the Head Teacher.
- The Head Teacher and member of staff must make an assessment of whether the alleged plagiarism is either *Intended* or *Unintended* plagiarism.

## Actions to be followed when:

### Unintended Plagiarism is detected:

- Counsel the student by explaining the appropriate referencing guidelines and going through this policy with them;
- Issue a Written Warning which refers to the consequences of any further actions of this nature.
- Review whether the student has received a previous Written Warning;
- The Head Teacher may also take the following action:
  - student must re-submit the work;
  - student must re-submit another form of assessment;
  - give the student a fail mark;

## Actions to be followed when:

### Intended Plagiarism is detected:

- Review whether the student has received a previous Written Warning.
- Compare the extent of the plagiarism with the student's original work.
- Review how it will adversely affect other students.
- Counsel the student by explaining the appropriate referencing guidelines and going through this policy with them.
- Where the nature of the plagiarism is *not* considered very serious:
  - Issue a Written Warning which refers to the consequences of any further actions of this nature;
  - The Head Teacher may also take the following action:
    - ✓ student must re-submit the work;
    - ✓ student must re-submit another form of assessment;
    - ✓ give the student a fail mark.
- Where the nature of the Plagiarism *is* considered very serious:
  - Refer the matter to the Principal, who may:
    - ✓ Issue a Written Warning which refers to the consequences of any further actions of this nature;
    - ✓ Ask the student to re-submit the work;
    - ✓ Ask the student to re-submit another form of assessment.
    - ✓ Give the student zero marks for the work;
    - ✓ The student may lose that course from their HSC award (see NESAs, HSC Assessments and Submitted Works, Advice to Students, 2006);

## Appeals Process

- A student may appeal against the Assessment and/or actions taken in cases of Plagiarism or Collusion.
- The Appeals Committee will consist of: at least two of the Principal, Deputy Principal, Head Teacher, and Year 11 Adviser
- The student must apply in writing to the Principal.
- The Appeals Committee will confirm or vary any recommendations that were originally made.
- The student will be notified in writing of the Committee's decision and their reasons for their decision.

## Appendix B: Erina High School Examination Procedures

Formal examinations held in the school hall or other locations are an important part of the school's assessment policy.

Students are expected to conduct themselves in an appropriate manner. It is assumed that students will not cheat or disrupt others during the progress of an examination.

Students who breach the code of conduct by displaying disruptive, unco-operative or inappropriate behaviour will be warned. If the behaviour continues they will be issued with a red card and will be isolated from the examination. The student may receive zero for the examination.

Students found to be cheating will receive zero for their examination.

### Before the examination:

1. Check your timetable carefully. Misreading the timetable is not a reason for a misadventure appeal.
2. Ensure that you allow sufficient time for travelling to the examination centre. Late arrival due to travel difficulties is not a reason for a misadventure appeal except under extreme circumstances.
3. Ensure you have the appropriate equipment before your examination. You will not be permitted to borrow equipment during the examination.
4. Carry your equipment in a clear plastic bag/sleeve. You will not be permitted to use a pencil case.
5. **Do not bring mobile phones into the examination room.** Using mobile phones during an examination (even if you have finished and even if you are just playing games) will result in a zero mark being awarded for that exam.
6. Do not take paper or other written material into the examination.
7. Bags for personal items must be left at the back of the room.

### During the examination

1. Enter the examination hall only after instructions from the supervisor.
2. Sit in your allocated seat quickly.
3. Do not touch/open the examination paper until instructed.
4. Complete the attendance slip and place in the top right hand corner of your desk.
5. Reading time is provided for all examinations. You must not write in this time.
6. Write your student number on all examination papers. Do not write your name.
7. Once the examination has commenced you will not talk or communicate with other students in the room/hall.
8. If you need to go to the toilet, raise your hand and wait for the permission of the supervising teacher.

9. You will not be allowed to leave any examination before the end of the allocated time for that examination. If you finish early, sit quietly, check your paper and wait.
10. At the end of the examination, check you have written your student number at the top of each page used; bundle your papers together neatly.
11. Wait quietly until you are instructed to leave.
12. Do not remove any papers from the examination room.

## Appendix C: Honesty in Assessment

The NSW Education Standards Authority have issued a statement in relation to Honesty in the Assessment which includes the All My Own Work program and special rules relating to submitted works such as major works. Y10 students will complete the All My Own Work on completion of Y10, however the development of honesty in assessment is a consistent expectation across all year at Erina High School.

The statement is reproduced below but you should also visit the website and read the attached documents. NESA and the School treat honesty very seriously – do not ignore their warnings.

*The honesty of students in completing assessment tasks, examinations and submitted works, and of teachers and others in guiding students, underpins the integrity of the Higher School Certificate. Throughout the assessment process, the highest level of honesty is required.*

*Each student's mark will be determined by the quality of the work produced by the student only. To demonstrate honesty, any component of a student's work that has been written, created or developed by others must be acknowledged in accordance with the Board's subject specific documentation. Use or inclusion of material from other sources such as books, journals and electronic sources, including the internet, must be acknowledged. General teaching and learning do not require formal acknowledgement.*

*Dishonest behaviour carried out for the purpose of gaining unfair advantage in the assessment process constitutes malpractice, or cheating. Malpractice in any form, including plagiarism, is unacceptable. The Board of Studies NSW treats allegations of malpractice very seriously and detected malpractice will limit a student's marks and jeopardise their HSC. Should malpractice be suspected, students will be required to demonstrate that all unacknowledged work is entirely their own. Serious and deliberate acts of malpractice amount to corrupt conduct and, where appropriate, the Board of Studies NSW will report matters to the Independent Commission Against Corruption.*

**Part C: To be completed by the HEAD TEACHER.**

## ASSESSMENT SCHEDULES

The following pages outline the assessment schedules for each subject. They are listed in alphabetical order. The schedule should be considered a guide – your teacher will issue you with an updated and detailed assessment notification at least two weeks before each task except for examinations falling within the gazetted exam period.

It is the school's intention to ensure that the dates listed in this schedule will be maintained where possible; however, it is sometimes necessary to change the dates due to circumstances beyond the control of your teacher.

To assist with your planning, you should fill in the summary calendar provided in Appendix F.

**Although great effort was made to ensure this document is error free at the time of publication, there may be some typographical errors. Where there is variation between this booklet and the final notification given to you by your teacher – the final notification will stand.**
